

Protecting your organisation, 7 critical cyber protections every SME needs

FREE INNOVATIVE WEBINAR AT:
Thursday 24th April 11:00-12:00

Is your organisation protected?

SMEs are being targeted more than ever, with criminals using a wide range of tactics to gain access and exploit an organisation's IT.

You will learn:

- The importance of behaviour-based protection
- How to protect your emails
- Why training your staff is crucial

Reserve your space at:
